## Testimonials

The best construction company I have ever worked with. - Mr. and Mrs. Marion

Building a home with Spong Construction was truly a pleasure. We had absolutely none of the nightmare scenarios so often associated with home building, because Rob and Debby were always on top of things. They were present daily as the building progressed, ensuring the utmost in quality. With their willingness, expertise and experience, they also made difficult design decisions seem easy. Rob and Debby have the utmost integrity and accountability. - Dr. Joel & Leslie Hirschberg

Spong Construction met an extremely tight schedule in renovating our fitness center, they showed professionalism and initiative in completing the job on time, and on budget. -Terry Venema Director of Engineering Renaissance Esmeralda Resort & Spa

Spong Construction clearly outlined how the process would work; thoroughly from scoping and pricing the work to quality and timeline. Rob and Debby were true to their word. I am a commercial contractor from Oregon who had high expectations and a moderate budget. I felt like I was their only client—excellent communications, great craftsmanship and they managed to get us in on time even with delays beyond their control. Their subcontractors are first rate and well-priced. Once the house was finished, they have been outstanding in completing the few warranty issues immediately. What made the process even better was how great they were to work with; I highly recommend them. - Dean Lampus

The logo for Spong Construction is located on the left side of the page. It features the word "SPONG" in large, white, sans-serif capital letters. To the right of "SPONG", the words "PROJECT MANAGEMENT AND CONSTRUCTION" are written in smaller, white, sans-serif capital letters, stacked vertically. The entire logo is set against a dark background with a thin vertical line to its right.
